

SURAJ GIRI GOSWAMI

Gurugram, Haryana • +91 9045373472 • surajgoswami7232@gmail.com • github.com/Code-by-Suraj

PROFESSIONAL SUMMARY

BCA graduate with practical front-end web development skills in HTML, CSS, and JavaScript, backed by hands-on project experience hosted on GitHub (github.com/Code-by-Suraj). Completed professional workshop in Artificial Intelligence (AI). Seeking an entry-level Web / Software Developer role to apply strong programming fundamentals, responsive UI design principles, and analytical problem-solving in a collaborative engineering team.

TECHNICAL SKILLS

Programming Languages: C, C++
Web Development: HTML, CSS, JavaScript, Bootstrap, Responsive Web Design, WordPress
Databases: SQL, MySQL
Tools & Practices: Git, GitHub, Object-Oriented Programming (OOP), MS Excel, MS Word

PROJECTS

Modern Website UI — *HTML5, CSS3, Responsive Design* github.com/Code-by-Suraj

- Designed and developed a clean, modern landing page interface focused on typography, visual hierarchy, and intuitive user navigation.
- Implemented mobile-first layouts utilizing CSS Grid and Flexbox, ensuring seamless rendering across desktop, tablet, and mobile viewports.
- Integrated polished UI elements including dynamic hero sections, sticky navigation, smooth CSS scrolling, and interactive hover effects.

Restaurant Menu Page — *HTML5, CSS3, Responsive Design* github.com/Code-by-Suraj

- Built an interactive digital food menu organizing culinary items across distinct sections like Starters, Main Course, Desserts, and Beverages.
- Crafted responsive food cards, pricing badges, dietary tags, and visual category layouts utilizing modern CSS Flexbox and Grid.
- Enhanced user browsing experience with responsive media queries, clean typography, and mobile-optimized touch navigation.

Travel Website — *HTML5, CSS3, Responsive Web Design* github.com/Code-by-Suraj

- Developed a multi-section travel platform showcasing curated holiday packages, popular destinations, and structured tour itineraries.
- Integrated destination highlights, an interactive photo gallery layout with CSS hover card animations, and popular tourist spot showcases.
- Created a user-friendly trip inquiry form with styled inputs, destination selection filters, and an accessible FAQ section.

Ecommerce Website — *HTML5, CSS3, Responsive Design* github.com/Code-by-Suraj

- Created a responsive eCommerce web storefront featuring an organized product catalog, promotional banners, and detailed product cards.
- Structured product cards with price tags, customer review badges, category labels, and styled action buttons.
- Designed an intuitive shopping cart and checkout UI layout displaying item details, pricing tables, and order summary breakdowns.

EDUCATION

Bachelor of Computer Applications (BCA) 2022 – 2026

Dronacharya Government College, Gurugram (Gurugram University) — Gurugram, Haryana

Intermediate (Class XII) 2019 – 2021

Government Senior Secondary School, Badshahpur — Gurugram, Haryana

Matriculation (Class X) 2019

Government Inter College Mallikhet — Almora, Uttarakhand

CERTIFICATIONS & TRAINING

- Workshop on Artificial Intelligence (AI)** — Certificate of Participation
- One-day intensive workshop focused on core AI fundamentals, modern data-driven methodologies, and practical applications in software development.

CORE COMPETENCIES

Web Technologies: Responsive Web Design, Mobile-First Layouts, Semantic Markup, UI Prototyping
Development Practices: Git Version Control, Cross-Browser Compatibility, Problem Solving, Clean Code Practices
